WHY?

- Why is membership important?
- Why do YOU do PTA?
- Why should I join PTA?
- Why do we keep track of our members?
- Why do we pay dues?
- Why isn't our school a PTOther?

WHY does it matter?

Membership is important because members are the backbone of this association.

PTA stands for every child, one voice.

Members represent and speak for *every* child.

Strength in numbers – one person CAN make a difference and a room full of people can make CHANGES!

WHY me?

Every PTA Leader should be able to tell why they joined PTA.

Was there a deciding moment or event that made you join?

Why do you STAY involved in PTA?

Think of a 3 minute “elevator speech” that captures someone’s attention, let’s them understand the value of PTA, and INVITES them to join.

WHY you?

Make joining PTA the thing to-do for all your parents!

- Highlight what your local unit has done and will do this year and why it's important to have every parent's support.
- Value = What's in it for me?

The opportunity to support the efforts of this PTA in *supporting* your child and all the other children of this school, school district, state, and the nation.

(A few trinkets or coupons to local retailers don't hurt either.)

What is your PTA's *Return on Investment* to members?

- Do you know what your members' needs are?

Take a poll or survey parents to learn what their concerns are. What would they like to learn more about? What would they like to improve? What bothers them?

- Are you responding to your members' needs?

Are you offering guest speakers, lunch & learns, opportunities to discuss with the principal or school board? Do you provide links to informative websites or provide easy-to-read overviews of Hot Topics? Do you offer tips to communicate with teachers? Do you provide childcare for teacher conferences or dinner before PTA meetings? Is it easy for volunteers to get involved with committees or start new initiatives?

People join when they feel an association can solve a problem for them.

They will *renew* when the association has successfully solved the problem, engaged them, and made them feel good about being a member.

WHY track?

Tracking membership allows YOU to:

- communicate with your members
 - New in 2016-17: SCPTA launches a database management system with MemberPlanet. NO ADDITIONAL work or expense for local units!
- Know who has joined (your demographics)
- Ask for *renewing* members next year
- Have only paid members vote on PTA issues
- Find potential future leaders

WHY dues?

Membership Dues Breakdown of typical local unit dues, \$5 per member:

National - \$2.25

Pays for all resources provided by national association

PTA.org, ptakit.org, Facebook, Twitter, Pinterest, Instagram, blogs, *Our Children* digital magazine, ready-to-go programs

State - \$1.00

Essentially pays for training all local leaders; state level Reflections recognition

Scpta.org, Facebook, Twitter

District (if applicable)

Pays for additional Local training, awards ceremonies, Reflections

Local - Remainder

Local dues should not be relied on as a fundraiser! Budget this income for membership expenses – general meeting expenses (refreshments?), membership incentives (raffle prizes, lunch for faculty, prizes for classes reaching goal), registration fees for leadership training (Convention)

WHY PTA?

The biggest difference between PTA and other parent groups is our mission:

*To make every child's potential a reality by **engaging** and **empowering families** and communities to **advocate for all children**.*

Our focus is on every child, not just the children in one school.

We train parents and teachers how to manage a non-profit AND how to speak for America's children.

TRACKING MEMBERSHIP

SCPTA is excited to announce our partnership with MemberPlanet, a membership, engagement, communication, and fundraising website that will manage our state database.

During this phase-in implementation, local units will not have to do any additional work.

Local units are required to submit with your membership dues reports an EXCEL document to SCPTA* of your members with contact information:

- 
- A large blue curly brace on the left and a smaller blue curly brace on the right, both pointing towards the list of requirements.
- **First name, last name**
 - **email address and/or cell phone number**
 - **Note if parent, teacher, student or other**

***Your district may require the lists come to them first**

How to collect member info:

- **Google Forms – convert info into Excel spreadsheets**
- **Excel template**
- **Paper forms**

Examples are on the scpta.org website.

Units are encouraged to collect data directly from members electronically vs. keying in data from paper forms.

TRACKING MEMBERSHIP CONT.

- **Your unit's members will be populated into the MemberPlanet database. You do NOT have to reformat or upload, just forward your Excel document(s) to the state office**
- **Once your members are in the system, you will be able to invite them to create a profile and access a DIGITAL MEMBERSHIP CARD on their PHONE.**
- **Digital membership cards can be shown at meetings when votes are taken, be presented for admission to events, shown for discounts at the school store, etc.**

TRACKING MEMBERSHIP CONT.

- **In the event a member requests a paper membership card or does not want to participate in MemberPlanet, Membership chairs/presidents will be able to print cards as well.**
- **TRAINING WILL BE PROVIDED and there will be customer support**
- **Moving forward, once members are entered into the system, units will be able to *renew* memberships. Members may also be able to pay dues online. Online payment will provide instant access to membership cards.**
